

## COURSE OVERVIEW & GUIDE

### ***Who are you?***

I designed this course for those who are already healers – and we all are. If you take this course, then you are ready to acknowledge that you are a healer; that you always have been a healer. You have the ability to heal yourself and you have the willingness to help others heal themselves.

### ***Why this course?***

There are many Reiki certification programs into which you could enroll. You've chosen this one because you are interested in my particular knowledge and approach. All Reiki Master Teachers bring their unique experience and wisdom to training. From me, you can expect that information will come from a variety of sources, traditions, and experiences, including channeled information from my guides. I provide further reading in many lessons so that you can achieve a deeper understanding of topics that interest you.

### ***Navigation***

The course is organized into three “Modules.” Each Module includes lessons that build upon each other, so you must review each lesson in order. Modules conclude with an assessment that you must pass (80%) to move forward. A final assessment is required to pass the course. However, after passing the course you must schedule a time for your Reiki I attunement (a distance Reiki event) and, after you are attuned, you will receive your certificate, which you can download from the course site.

## ***Enrollment Entitlements***

When you enroll in the course you are entitled to several resources, including:

- 1-year free subscription to the [Evening Springtime Reiki healing circle on YouTube](#), which hosts one online Reiki energy healing circle per month
- Lifetime access to course materials and the self-paced course
- Email support at [metaphysicalinmass@gmail.com](mailto:metaphysicalinmass@gmail.com)
